

Shape sorting assignment 1:

1. Fill in the triangle table by sketching each of the 7 triangles in the place where they belong in the table. Label each triangle with its letter, so I can be sure what you are putting where!

	Acute	Right	Obtuse
isosceles			
scalene			

2-4: Put shapes in the Venn diagrams. Each part of the Venn diagram should have at least 2 example shapes in it *unless* it's only possible to find one shape that works for that part of the Venn diagram
