The list of videos most notably contains information such as: The video's name, its published status (Private, Unlisted or Public), the Amount of Views and Length.

**The right side of the My Media screen contains a multitude of options explained in the next slide.**

It is important to note the "Add New" and "Profile Options" are available anywhere inside Mediaspace.

The Details page allows you to see a Preview, as well as access to links for Sharing and Embedding(optional).

**Underneath the Preview Window is the Share Tab which allows you access to the address for sharing the video.**

http://1582001.mediaspace.kaltura.com/media/Profitability.mp4/1_60lqy41k

The Actions button allows you to access:
- **Publish**
- **Add to Playlist**
- **Edit**
- **Delete**

The Publish screen gives us these choices.
We highly recommend using the "Unlisted" option for sharing videos, as it allows only users given the share link access to your videos.
